**Experience History.**

The 1,000-year old town of Steyr looks back on a colourful past and is a veritable architectural jewel.

The historic old town harmoniously unites various stylistic epochs from Gothic to Baroque and Rococo. The "Bummerlhaus", Austria's oldest gothic secular building stands at the centre of the Stadtplatz Square, with the mighty Lamberg Castle towering above.

Experience history first-hand: In exhibitions in the Innerberger Stadel and Arbeitswelt Museum, in the castle library or during a guided walk or your own self-guided audio tour.

# Relaxation for Mind and Body.

The two Enns and Steyr Rivers have always characterized the townscape. Their picturesque confluence right in the centre of the town, the castle park with its Promenade Alley and the Unterhimmeler Au nature preserve can help you renew your energy levels and find rest and relaxation.

The intact nature in and around Steyr offers a great variety of sport and leisure activities to relax and recharge your batteries: River biking, steam train trips on Austria's oldest narrow-gauge railway, picnics and bathing at natural beaches along the Steyr River, paddling or canoe trips as well as Segway or E-bike tours.

# Culture & Town Life.

Aristocratic castles, venerable churches, idyllic squares and inner courtyards as well as the elliptical Stadtplatz Square are unique settings for events of all kinds.

The weekly and farmers' markets but also seasonal theme markets are popular meeting points for the locals.

Culinary festivals, concerts ranging from classical to pop music, top sports events and vintage car parades ensure a varied cultural programme throughout the year. The highlight being the Steyr Music Festival with open-air presentations in the Steyr Schlossgraben.
